Fanstastic villa all on one level with panoramic views situated centrally in Cerros del Águila. The center of the villa is a large living room with dining area and access to one of the many lovely terraces and the pool area. Next to the dining area we have the fully fitted kitchen. To one side of the living room we have the master bedroom with a walk-in wardrobe and an en-suite bathroom. There is also an area currently used as an office. At the other end of the villa, where we also have the main entrance, we have a pantry, 2 bedrooms and one bathroom. This property has furthermore a guest bedroom with a private bathroom and with a separate entrance. There is a spacious garage as well as parking for several cars in the driveway. There are several terraces both open and covered and a lovely garden with everything from a fountain to fruit trees. The windows have security glass. The pool has salt water and a new heat pump.
