160m²

Overlooking the picturesque village of Guaro and with views across the valley and off into the distant mountains, this is a unique property that has recently been renovated to a very high standard. The house is in a quiet street in this peaceful village that is just 20 minutes to the coast, and half an hour into the heart of the Sierra de las Nieves Biosphere reserve national park. The house has been renovated from top to bottom with all new wiring and plumbing and now has a lovely modern cottage feel inside while retaining the original character of the building. The lounge-reception room leads through a dining area into the fully fitted, up to date kitchen with an attractive pine finish. The patio outside the kitchen is covered and has a trapdoor down to the cellar which acts as pump room and provides further storage space. At the very back of the house is a double guest bedroom with its own toilet. Upstairs there are two double bedrooms, all tastefully finished, and one leads out on to the roof terrace with the amazing views of Guaro and beyond. This house is ideal for a couple looking to move in and be completely comfortable from the word go. Has to be seen to be appreciated.
